321 Home Sessions

321 Home Sessions - 3 Hours, 2 Songwriters, 1 Song. What better time to collaborate virtually with someone you've never met, in the comfort of your own home. As we all know, we're in the midst of an ongoing time of uncertainty and turbulence.

The Music sector as a whole has taken a massive hit, and you, our members have been heavily affected. Whilst we are working closely with State and Federal government to find solutions for the sector, we'd like to continue to help our members connect with each other, and given we're unable to run our regular events series for the next little while, we've brought back our **321 Home Sessions** series. If you're self-isolating, and feel the need to be creative with someone else, head to this link, fill out some details. One of our Writer Services representatives will be in touch to introduce you to a co-writer to write with. Once connected, you can confirm a time to write, and give yourselves three hours to work on some new music together. The 321 Home Sessions will rely on demand, the more people that submit their details, the bigger the pool of collaborators for us to link you up with. Spread the word!
